**POPPLET LITE:** Popplet Lite lets you capture and organize your ideas together and display them visually.

## GETTING STARTED

- 🍏 Tap app icon to open.
- 🍏 Double-tap anywhere on the screen to **CREATE** a popplet.
- 🍏 Tap and **HOLD** the popplet to move it around the screen.

## TOOLS

- 🍏 Double-tap a popplet to make it **ACTIVE**.
- 🍏 Tap the **RECTANGLE** icon  to change the outline color.
- 🍏 Tap the **TEXT** icon  to add text inside the popplet.
- 🍏 Tap the **PEN** icon  to draw inside the popplet.
- 🍏 Tap the **PHOTOS** icon  to add a photo in the popplet.
- 🍏 Tap the **TRIANGLE** icon  to make the popplet larger or smaller.
- 🍏 Tap the **X** icon  to **DELETE** the popplet.

## CONNECTING

- 🍏 Double-tap a popplet to make it **ACTIVE**.
- 🍏 Tap and **HOLD** a **GRAY CIRCLE** , then drag the circle to the left or right of a popplet.
- 🍏 Release the gray circle to **CONNECT** a new popplet to the existing popplet.

## EXTRAS

- 🍏 Tap **CLEAR ALL**  to erase everything.
- 🍏 Tap the **COLOR SQUARE**  to change the screen color.
- 🍏 Tap the **GEAR** icon  to receive more tools.

## SAVING

- 🍏 Tap **my popplet**  to name your project.
- 🍏 Tap **VIEW ALL**  once your Popplet is complete.
- 🍏 Tap **EXPORT**  in the upper right corner.
- 🍏 Tap **SAVE JPEG**, then **OK** to save to the iPad photo album.
