

Scratch Jr Basic Subtraction

Set Up:

- Make sure the Scratch Jr app is downloaded on every student iPad.
- Open the app on EACH iPad and “warm the iPad” meaning, get it ready for student use:
 1. Tap Allow for camera use
 2. Tap Allow for microphone use
 - 3 Tap the Green House
 4. Double tap Home Button and swipe app window up
- Teach students what Apple Up and Apple Turnover mean.
- Explain how you will give them a direction(s), show them what to do, repeat the direction(s).
- Start Canva lesson. **[CLICK HERE FOR LESSON](#)**
- Remind kids that coding is telling a computer what you want it to do.
- Go LIVE to Scratch Jr and show them an example of the project
- Continue giving 3 directions at a time and then allowing them to complete those direction before moving on.
- Either stay LIVE in the app or use the slides on the Canva lesson.
